THE VIEW FROM PUBLIC 社会看法

何俐萍 (星洲日報東馬區副執行編輯)

兩年前，我為這些孩子的遭遇寫了“腦麻兒，你的名字叫天使”系列報道，獲評審青睞，在大馬衛生部主辦的比賽中得到優秀獎。獲知得獎的那一刻，我不假思索，把一半的獎金捐給唯心樂園。我深知，這是微不足道的捐助，但我想借助我小小的善舉，為孩子們加油打氣，謹此而已。

主席徐寶榮沒有因為兒子徐弘哲的遭遇而放棄他，他把孩子當正常人看待，夫妻倆對孩子的關愛之情也延伸到其他孩子的身上，毅然挑起領導唯心樂園的重擔。最令我動容的是，即便舉步維艱，面對經費的嚴缺，徐寶榮永遠以一張笑臉，在散播滿滿的正能量，讓這些“天使們”的家長，學習接納孩子，陪着他們走這段人生路。更重要的是，因為他的努力不懈，讓許多人看到了，腦麻兒只要願意復健，在肢體控制方面也有很大的進步空間。

我們非常感恩《唯心樂園》給我們這麼好的機會帶着一群孩子們做了非常有意義的義工。看着一群孩子們無私奉獻的精神都超棒的！從中可以讓他們體會學習和理解關於腦麻痺兒們的生活及需要；而平等的機會，社會的支持與尊重還可以讓他們懂得一個和諧的家園，要有愛凝聚。祝唯心樂園10週年的心願會更順暢。有信心的人，可以化渺小為偉大，化平庸為神奇。願大家伸出溫暖的手，打開愛的心門，關愛社會弱勢群體，也讓腦麻痺兒們充滿希望。

“Wishesland reminds me of a European folklore which they call a Wishing Well. The well is now generally believed to be a water well where, when one makes a wish by tossing into it a coin, the wish will come true. So, Wishesland is like a land where people make wishes for the special people who live there. It is also a place where people gather to build and give hopes to one another.”

Eve Sonary Heng

“Very Happy 10th Anniversary to Wishesland!

This unique organisation started by Mr. Chi Poh Yung and his family has reached its 10th in existence and excellence, growing slowly but steadily as a resourceful location for the therapy and nurturing of children with special needs. I, as a government medical doctor who often attended to many of Wishesland’s young wards, am very proud and grateful for how the Wishesland project has planned out until now. Any child with special needs or a disability is welcome in Wishesland. They provide paediatric physiotherapy, learning therapy, hydrotherapy and other modalities for the development of these children. A visit to the location (in a prominent Kuching neighbourhood) also guarantees a feeling of calm and joy as Wishesland is nestled in between shady large trees, landscaped to provide ‘ease of access’ to its little patrons & their caregivers”

Dr. Vishnodaya Mohan

“when first time i entering wishesland i was amazed with the landscape, really calm and harmony with all the tree and fresh air. This environment really good to stimulate children with cerebral palsy development. The staff are professional and dedicated to help children with cerebral palsy. All kids need is a little help, a little hope, and someone who believe in them. Happy 10th anniversary Wishesland”

Special Message

YB Dato Sri Hajah Fatimah Abdullah

Minister of Welfare, Community Wellbeing, Women,
Family and Childhood Development Sarawak

Congratulations to Wishesland for celebrating it's 10th anniversary this year. I am very proud to see Wishesland able to go through the most difficult moments of it's early establishment where there is literally very little information, guidances and example for them to follow on how it's operation should be.

The objectives of Wishesland is to provide a place for parents with children diagnosed with cerebral palsy to gather, share feelings, share ideas on how to take care of our children.

As the number of parents grows, Wishesland started to employ professional physiotherapist to provide early intervention programmes to their children. And ever since then, Wishesland continued to better it's treatment programmes and rehabilitation facilities and equipment so that more holistic and comprehensive programmes could be provided to the children.

Sarawak government is pleased to see lots of NGOs, corporate bodies government agencies, schools, colleges and universities and kind hearted individuals from Kuching and other parts of the world come and support Wishesland in term of financial means, doing gotong royong at the centre, giving daily necessities to our children or providing relevant experts advices.

To ensure all infants and toddlers with special needs are well taken care of, a one stop early intervention centre will be set up this year in Kuching to provide comprehensive early intervention programmes to infants and toddlers with disabilities aged 0-6 years.

In line with our strategy to create a caring and loving society, Sarawak government with the collaboration of private sectors & NGOs will continue to provide the best rehabilitation programmes and facilities to our community who are in need of help.

We applaud the efforts shown by Wishesland in it's quest to provide the best treatment facilities and programmes to cerebral palsy children.

We are also very happy to see Wishesland children represented Sarawak to Para Sukma in Ipoh last year for Boccia games.

We wish Wishesland will continue to grow in the years to come and be the reference centre for people wanted to know about cerebral palsy.

Once again, congratulations to Wishesland for your humble beginning of your first 10 years of establishment. Thank you.

President Message

Mr. Chi Poh Yung

“We are 10”

3,650 days are a long days for an organization. We are so blessed and grateful that with god blessing, we are able to go through all kinds of challenges to bring Wishesland to what it is today.

We are so happy to see the growth of our member from only 11 members to 115 members today. It showed that more and more parents recognized the existence of Wishesland and its ability to provide effective and speedy recovery to their children.

From providing merely basic physiotherapy programmes when we just started. Now, we have full fledged facilities, equipment and expertise to conduct physiotherapy, occupational therapy, speech therapy, hydrotherapy and other programmes to our member.

We have only 1 staff during the 1st year of operation where we only provide basic rehabilitation programmes to our children. Today, we have 5 qualified physiotherapists, 1 part time speech therapist and 1 gardener cum driver taking care of our special angels.

Not many parents have strong faith on our centre ability to heal their children during the early years of our establishment. We fully understand their concerns as we do not have success stories to share. Today, we have more than 61 parents send their children to our centre for treatment as there are many success stories of our children after gone through various treatment programmes in our centre.

During the initial stage of establishment of Wishesland, we borrowed a classroom from Chin Tao Methodist Church, Jalan Song as our meeting point for our parents and children on a monthly basis. Now, we are operating at Rumah Sri Sebandi (White House), Jalan Crookshank with historical building, wonderful scenery and landscape as our centre-our billion thanks and appreciation to our beloved Sarawak Government.

Today, Wishesland is one of the preferred centre for children with cerebral palsy aged 18 years and below. We are looking forward to providing training and services to cerebral palsy citizen aged 18 years and above so that they have a place to sharpen their independent abilities in order to live a fruitful life.

The success of Wishesland thus far is due to the efforts and contribution of its Committee member, Wisheslanders (volunteers), staff, parents, donors and supporters. With their strong support especially in bringing in financial means enable Wishesland to focus on its main agenda which is healing our children.

Billion thanks to our supporters for your love and care towards our children. We will continue to do our best to heal our children, our special angels.

Thank you.

We need to salute our dedicated and committed staff in taking good care of our children. They have shown tremendous courage to be with these children, they have faith and confidence that one day, these children could live independently. We would like to thank our staff for their loves and caring towards our children.

In return of their excellence services, we will do our best to ensure the staff welfares are well taken care of so that they can fully concentrate on healing our children.

對於本園員工的責任感以及努力把每一位孩子都照顧好的態度，我們致上敬意。他們無時無刻都相信總有一天這些孩子必定能獨立進行日常生活中的技能。

我們也承諾會把每一位員工的福利都照顧好，以便他們可以高枕無憂的照顧好每一位送來本園的孩子。
